## RATE HEARING AT RENO INVOLVES A NUMBER OF LOCAL CORPORATIONS

(Special Correspondence of Bonanza.)

WASHINGTON, Jan. 25.—What promises to be a very interesting hearing by the Interstate Commerce commission is the hearing set for 10 o'clock of Feb. 8th at Reno, at the county court house, of complaint No. 6996, involving freight rates to points on the Tonopah & Goldfield railroad, the Las Vegas & Tonopah railroad, and the Bullfrog-Goldfield railroad. The hearing will be before Examiner Thurtell. Among the complainants are the Goldfield Consolidated Mines company, the Goldfield Consolidated Milling and Transportation company, the Tonopah-Belmont Development company, the Tonopah Extension Mining company, the Goldfield Merger Mines company, the Montana Tonopah Mines company and Hall, Luhrs & Co.

The inquiry will go into the reasons for the construction of these lines and cost of them, the fluctuation of receipts, the division of rates and various other matters which have a bearing on rates charged.

There are a few appointments pending in Nevada concerning which considerable interest is being manifested. One of these is the position of assayer at the Carson mint. Senators Newlands and Pittman will try to reach an agreement within a few days as to whom they shall recommend for this office. The candidates as far as known now are Ed. Ryan and Dave M. Ryan. Neither senator

has indicated publicly his choice for the place.

It is on the program to nominate at an early date J. Lester Denton for postmaster at Caliente, both senators having come to an agreement to unite in recommending him for the office. He is a prominent business man and son of Hon. John M. Denton, now attached to the Indian service. J. Lester Denton, it is understood, will give up his private business in order to devote all his time to the duties of postmaster.

Much competition has developed over the postmastership at Ely. Edmond Hull, son of the late postmaster at Ely, has been recommended for appointment to fill out the unexpired term by Geo. P. Annand, whose local political influence may be sufficient to have this course adopted. Mr. Annand is himself a candidate for appointment to the office at the end of the present term. Among the other candidates for the postmastership at Ely are J. J. Carroll of McGill, A. J. Carpenter and Marion C. Shallenberger. It is probable that Senators Newlands and Pittman will unite on a recommendation for this appointment within a few days.

Senator Pittman has already sent to Nevada a considerable quantity of government seeds for distribution. Senator Newlands is getting out his annual list and he will be pleased to add the names of any applicants for either flower or vegetable seeds to his list as long as his supply of seeds holds out.

## Nevada News in Briefest Shape

The quarantine due to scarlet fever has been lifted at Fallon and the schools were scheduled to reopen today. Only one death occurred from the disease.

B. B. Brooks and J. R. Wren have been buying horses in Fallon this past week and Friday had 26 ready for shipment. The prices range from about \$120 to \$140. They expect to load out a car and a half tomorrow for Ogden, picking up a half-car purchased at Reno. From Ogden they will send eight carloads to Chicago.

While in Yerington this week Dr. H. J. McKinley made some interesting statements in confirmation of the recent rumors that a government institution is to shortly be established in Yerington, to operate in connection

with the Schurz Indian reservation. It will not be a school, but a refuge hall, in charge of a matron; the object of the government officials in this movement is the protection of the Indian women, particularly the girls.

A number of Churchill county people are billed to talk to the farmers and stockmen who are to gather in a meeting at the university of Nevada on Wednesday, February 2nd, and on Friday the meeting will merge with the State Welfare conference.

The committee on education of the Nevada Federation of Women's clubs desires to interest the children of the state in the study of the native flowers and birds of Nevada as a stimulus to love of their native state and to their patriotism.
